## Competitor Licensing Application

Licenses and requirements are separate for automobiles and motorcycles. A license level in the motorcycle class doesn't apply to the car classes and vice versa. The competitor will be issued a colored wrist band based on their license level (license color will be determined at the event). The competitor must notify the Race Director or Chief of Tech when they wish to move up to the next license level. Failure to follow these polices can and will result in the competitor forfeiting all competition privileges for the event and possible future events. In the event that a competitor is found to be cheating by allowing another driver/rider to use their licensing band, they both will be permanently banned from all future Texas Mile events. The Race Director decision is final in all matters pertaining to all event rules. "Hard card" licenses will be issued to all Drivers and Riders at the end of each event.

**Please mark the License you are applying for:**

**Class C:** \_\_\_\_\_ **Class B:** \_\_\_\_\_ **Class A:** \_\_\_\_\_ **Class AA:** \_\_\_\_\_

**CLASS C**---- (color TBD) The minimum qualification for a Class C license is a valid US, Canadian provincial, military or any other approved driver's license. All other licenses must be approved prior to the event. It is the competitor's responsibility to have their licenses approved. Class C license holders **are limited to 165 mph**.

- Attach a copy of your valid Driver's License or Motorcycle License to this application.

**CLASS B** ---- (color TBD) The minimum qualification for a Class B license is a Class C license, plus sufficient acceptable prior experience or successful completion of one run with a trap speed greater than 140 mph but less than 165 mph. Class B license holders are **limited to 199 mph**.

- Attach a copy of your valid Driver's License or Motorcycle License to this application.
- Attach any proof of prior experience to this application.

List your prior experience below. Include dates and speeds.

---

---

---

**CLASS A** ---- (color TBD) The minimum qualification for a Class A license is a Class B license, plus sufficient acceptable prior experience or successful completion of one run with a trap speed greater than **180 mph but less than 200 mph**.

Automobiles - An approved race license from the following sanctioning bodies: ECTA, SCTA, NHRA, IHRA, NASCAR, ARCA, SCCA, NASA, Grand Am, IMSA, or FIA will be accepted for a Class A license. Class A license holders are limited to 220 mph.

Motorcycles - An approved race license from the following sanctioning bodies: CMRA, ECTA, SCTA, NHRA, or IHRA, will be accepted for a Class A license. Class A license holders are limited to 220 mph.

- Attach a copy of your valid Driver's License or Motorcycle License to this application.
- Attach a copy of approved race license from OTHER sanctioning body (if applicable).
- Attach any proof of prior experience to this application.

List your prior experience below. Include dates and speeds.

---

---

---

**CLASS AA** ---- (color TBD) Class AA is the highest level license. The competitor must demonstrate to the satisfaction of the Race Director and/or the Chief of Tech that they are sufficiently qualified to run at the highest licensing level. Graduation to a Class AA license is not automatic and applicants must be individually approved by the Race Director and/or the Chief of Tech. Minimum qualifications are:

- a Class A license;
- considerable high speed driving experience or an approved race license from the following sanctioning bodies:
  - Automobiles - ECTA, SCTA, NHRA, IHRA, NASCAR, ARCA, SCCA, NASA, Grand Am, IMSA, or FIA;
  - Motorcycles - CMRA, ECTA, SCTA, NHRA, or IHRA, and,
- Two or more successful runs greater than 205 mph but less than 220 mph.

- Attach a copy of your valid Driver's License or Motorcycle License to this application.
- Attach a copy of approved race license from OTHER sanctioning body (if applicable).
- Attach any proof of prior experience to this application.

List your prior experience below. Include dates, speeds, and location of events.
